

COVID-19 Screening Booth

Wasco Coatings Malaysia and Wasco Lindung recently launched its COVID-19 Screening Booth. The idea came about as a solution to the shortage of Personal Protective Equipment (PPE) situation at the hospitals with consideration on the healthcare frontliners' comfort while keeping them safe from getting infected by the coronavirus.

1. Contactless COVID-19 Screening Booth

Keeping the healthcare frontliners safe when administering the test with complete separation between the subject and tester.

2. Reduce Usage & Disposal of Personal Protective Equipment (PPE)

With shield as the physical barrier, there will be no direct contact between the subject and the tester.

3. Comfort & Save time

The air-conditioned booth that provides a comfortable environment to operate out of for an extended time and eliminate the needs of changing PPE often.
