

Company Announcement

Malaysia's Prime Minister recently announced the Movement Control Order after the spike in Covid-19 cases. All our office premises and operations in Malaysia will be closed effective today, 18 March until 31 March 2020, in place of our support to the government's effort in containing the spread of the coronavirus. All our employees that are working in Malaysia will be working remotely during this period. During this time, we hope everyone will take good care of yourself. Wherever you are, practice the 3'C - Clean, Cover and Contain.
