

Company Announcement

Our operations in Malaysia and India will be close as per advised duration by the government of both countries, in view with the government efforts to curb the spread of COVID-19. The Malaysian's Movement Control Order (MCO), which was initially supposed to end on March 31, has been extended to April 14, while India will be on lockdown until April 15. With that said, our business will be operating as usual, where most of our employees in the affected countries are working remotely where practical. Aligned with Wasco's core values, we will conduct our operations in the safest manner possible, ensuring no harm to people and the environment. We thank you for your continuous support during this unprecedented time.
